Kick off day | Introduction to the Community, EnTranCe & Energy Transition

Meet-ups: On Wednesdays from 12:00 - 14:00 the Energy Transition Community participants gather at EnTranCe for Community Intervention or Professional skill development workshops given by experts.

Energy Transition Knowledge: During the semester participants will take part in the meet-ups and in the Progress & Final Symposium. In addition each participant visits at least 3 external energy related events about which the participant will share his/her findings with the community. The events to visit need to be organized by Energy Academy Europe. In this way the participant also receives the required credits for the Energy Academy Europe Certificate.

Additional support:
Personal Group coaching

Meet-up: Community Intervention | *Final presentation rehearsal*

Energy Transition Community - Final Symposium
